'Unsung Heritage: The Quilts Of Wales'

Opening March 6th 2010

Tuesday – Saturday 11am to 4.30pm

The Welsh Flannel geometric patchworks were the focus of the inaugural exhibition at The Jen Jones Welsh Quilt Centre. We are thrilled that, at last these wonderful artifacts have become universally recognised.

Our new exhibition, opening March 6th, we hope will be a further revelation in terms of the enormous spectrum within the Welsh quilting tradition.

We will feature the fiery reds including red paisleys and paisley shawl quilts. Alongside these will hang the contrasting and diverse cotton patchworks and wholecloths that represent a major portion of the output during the 19th and early 20th century.
